Canadian Nuclear Safety Commission (CNSC)

Regulate the use of nuclear energy and materials to protect health, safety, security and the environment.

<https://nuclearsafety.gc.ca/eng/>

Environment and Climate Change Canada (ECCC)

Environment and Climate Change Canada informs Canadians about protecting and conserving our natural heritage, and ensuring a clean, safe and sustainable environment for present and future generations.

<https://www.canada.ca/en/environment-climate-change.html>

Transport Canada (TC)

Transport Canada is responsible for transportation policies and programs. It promotes safe, secure, efficient and environmentally-responsible transportation.

<https://tc.canada.ca/en/corporate-services/about-transport-canada>

Department of Fisheries and Oceans Canada (DFO)

Helps to ensure healthy and sustainable aquatic ecosystems through habitat protection and sound science. Support economic growth in the marine and fisheries sectors, and innovation in areas such as aquaculture and biotechnology.

<https://www.dfo-mpo.gc.ca/index-eng.html>

Global Affairs Canada (GAC)

Define, shape and advance Canada's interests and values in a complex global environment. Manage diplomatic relations, promote international trade and provide consular support. Lead international development, humanitarian, and peace and security assistance efforts.

Natural Resources Canada (NRCAN)

Develops policies and programs that enhance the contribution of the natural resources sector to the economy, improve the quality of life for all Canadians and conduct innovative science in facilities across Canada to generate ideas and transfer technologies.

<https://www.nrcan.gc.ca/nrcan/about-us/10838>

Public Health Agency of Canada (PHAC)

Promote and protect the health of Canadians through leadership, partnership, innovation and action in public health.

<https://www.canada.ca/en/public-health/corporate/mandate/about-agency.html>

Health Canada (HC)

Responsible for helping Canadians maintain and improve their health, while respecting individual choices and circumstances.
